BARBOSA FARM

Welcome to the Market

Welcome to the Weymouth
Farmers Market Newsletter!
We will be highlighting
vendors, sharing recipes and
announcing upcoming
markets!

LIPINSKI FARM

Kicking Off the Season

It has been a great first month at
the market. We have had three
great weeks so far and we are
gearing up for an incredible
season. We look forward to seeing
everyone on July 9th!

About our Market

This year, the Weymouth Farmers Market is celebrating its 15th season! Our market cultivates community engagement and increases access to local, healthy food options.

Our vendors feature local, fresh produce, meats, eggs, honey, baked goods, mushrooms, dips, sauces, salsas, jams, jellies, pickles, cheese, plants, artisan made crafts and goods, face painting and more!

We offer a SNAP Match Program (doubling EBT dollars) and two HIP certified Farms (HIP gives households money back when they use their SNAP benefits to buy healthy, local fruits and vegetables from HIP vendors).

Visit weymouthfarmersmarket.com or our social media for more info.

Join us Sundays 10am-1pm, Weymouth High School, 1 Wildcat Way

Vendor Spotlights

McGuire's Mushrooms is a family operated, local farm run out of Hingham, MA. Operating a full-service gourmet and medicinal mushroom farm serving local chefs, individuals and farmers markets. They also offer cultivation supplies such as grain spawn, liquid cultures and mushroom grow kits. McGuire's beliefs lie in the incredible benefits that mushrooms have to offer our bodies and our environment. Fueled with passion for mycology, McGuire's Mushrooms is dedicated to providing our local community with the highest quality mushrooms. We love connecting with our neighbors through this lifestyle and are motivated by the equal excitement that mushrooms are the future!

THE NATIVE KITCHEN

The Native Kitchen works with local farms to create specialty foods such as pickles, jam, salsa, rubs, seasonings, granola and baked goods for you, guaranteeing the freshest tastes of home! All fruits and vegetables are from local farms within 100 miles, producing local sustainable foods while using practices that promote a positive social impact that is based around their heritage, passion and craftsmanship.
